Re: Water Right No. S2-30409

Dear Mr. Martin:

In response to your request, you are hereby granted an extension to begin construction for the reason below:

- Additional time is required because the original building plans had to be modified due to septic system re-design requirements.

The new deadline to submit your *Construction Notice* is **November 1, 2016**.

In order to maintain this permit in good standing and be eligible for additional extensions, you must demonstrate due diligence and good-faith efforts by preparing your building site and beginning construction of your water system by November 1, 2016. Construction of a home is not required to meet the development schedule requirement for beginning construction and filing your *Construction Notice*.

If you have any questions, please contact Marie Peter at (360) 407-0279 or mpet461@ecy.wa.gov.
